You are Bo Bo. You live at No.1, Pagoda Road, Pyay. Write a letter to your friend Aung Aung who lives in Bago, telling him the kind of exercises you do in studying English and how much time you spend on studying English every day.

Dear Aung Aung,

I hope this letter finds you well. I am writing to you to tell you about the exercises I do in studying English and the amount of time I spend on it every day.

I usually start my English study session with listening exercises, where I listen to English audio recordings and try to understand the context and meaning of the words. I then move on to reading exercises, where I read English articles and books to enhance my vocabulary and comprehension skills.

I spend around 2 hours every day on studying English, which includes both listening and reading exercises. I find that this amount of time is enough for me to make steady progress in my language skills.

I hope this information is helpful to you. Please write back to me soon.

Best regards,
